

## STABLE FIRE EXTINGUISHING EQUIPMENT AND FIRE PROTECTION IN CULTURAL INSTITUTIONS

The Methodological Center of Conservation of the Technical Museum in Brno (MCC TMB) in cooperation with the Commission for Safety in Museums of the Association of Museums and Galleries of the Czech Republic and the Czech ICOM Committee would like to invite you to the Czech-Norwegian Fire-Safety Workshop Stable Fire Extinguishing Equipment and Fire Protection in Cultural Institutions. The event is supported by the Ministry of Culture of the Czech Republic.

**DATE** 20. 6. 2019

### VENUE

Theoretical part the lecture hall TMB (4th floor), Purkyňova 105, Brno - Královo Pole, 612 00  
Practical part TMB area in Brno - Řečkovice

### WORKSHOP OBJECTIVE AND PROGRAM

The aim of the workshop is to summarize the experience and discussions in the framework of the installation of stable fire extinguishers in memory institutions. Special attention will be paid to exhibitors, depositories and authentic interiors. The workshop participants will also be introduced to the system of regular preventive measures in Norsk Folkemuseum in Oslo. The practical part of the workshop will be located in the TMB area in Brno - Řečkovice. Participants will be able to try the real hand fire extinguishers.

The event is another episode in the series of seminars The Protection and Security of Memory Institutions, organized by the Technical Museum in Brno, whose main topics are mainly preventive measures, spatial, subject and fire protection.

Museum Fire Protection Technology (2009)  
The Importance of Fire Alarm Systems in Protecting the Cultural Heritage from Fire (2010)  
Fire and security monitoring systems in museums and heritage preservation (2011)  
Emergency Prevention and Management - New Approaches to Cultural Heritage (2013)  
Fire protection of industrial monuments and historical buildings (2017)  
Museum Security (2018)

### REGISTRATION OF PARTICIPANTS

The workshop is primarily intended for museum workers, conservators and specialists who deal with fire protection. Those interested in the workshop can register through the registration form on the MCC website <https://mck.technicalmuseum.cz/> by 14 June 2019. The workshop is limited to 35 people for reasons of capacity. The 150 CZK participation fee includes the costs of organizing the conference. Your invoice will be issued based on your billing information. Invoicing information (ID and if the institution's address differs), please enter in the "Annotation" column of the registration form.
